# New Pebble

**Multi-use color printer**, the **New Pebble** is adapted to all plastic card and data encoding applications: identification, security, leisure, and loyalty.

In a few seconds, the **New Pebble** prints your high resolution photos, images, logos, texts and barcodes. It also offers the options of magnetic encoding, smart card encoding and contactless card personalization.

Delivered as standard with its drivers for Windows™ or Mac OS X and software for designing and editing badges, the **New Pebble** is extremely easy-to-use and does not require any particular computer knowledge.

Design, compact and easy-to-use, the **New Pebble** is just as easily integrated on a reception desk as on your office desk! It is available in 3 colors: Ruby, Glacier or Lagoon.

**The most ingenious plastic card printer of its generation**
